Detectamet Products comply with:

- FDA (Food and Drug Administration in the USA)
- European Commission Regulation (EC)
- FEIBP (European Brush ware Federation)

All detectamet products are made using FDA Approved raw materials. Code of Federal Regulations:

- 21 CFR 177.1520
- 21 CFR 176.170
- 21 CFR 177.1660
- 21 CFR 177.1500

## European Commission Regulation (EC)

Detectamet products comply with the requirements of the European Commission Regulation 1935/2004/EC (Framework Regulation). Regulation 2002/72/EC. Regulation 2023/2006 and Regulation 10/2011/EC and subsequent amendments and updates.

(Under Regulation 10/2011/EC Materials intended to come into contact with foodstuffs are not allowed to transfer toxic substances via migration when in contact with food. detectamet products are specifically designed for the food industry, and are 100% compliant with this requirement. All our products have been tested by a certified laboratory, furnishing documentation that our products are complying with the migration limits laid down by EU legislation, set up under regulation 10/2001/EC).

## FEIBP

These products comply with the European Brush Manufacturers Professional Hygiene Brush Charter, which promotes high quality professional brushware, and they comply with all existing Hygiene Regulations.

## Chemical Resistance

Concerning chemical capability of the plastics used in Detectamet products, we confirm that the products resist all approved detergents and sanitizers used, according to the dosing recommendations.

## ISO Standards

Detectamet Detectable Products Limited are certified in accordance with ISO 9001-2008

No warranty is given or implied with respect to this information or patent infringement. Detectamet Ltd do not accept liability for loss or damage arising from the use of this information. Results are based on a test sample, our general experience and information from our suppliers. Data and results must be confirmed by the buyer by testing for its intended conditions of use.
